

# *Information is power*

And we aim to give it to you. Whether it's frigid wind chills and a foot of snow one week, or spring thunderstorms the next week, unsettled March weather can bring power outages. But, by checking our website, [www.cec.coop](http://www.cec.coop) or like us on facebook, [www.facebook.com/cec.coop](http://www.facebook.com/cec.coop) you'll have a better idea of when your power will be restored. We are your Touchstone Energy Cooperative, and our priority is keeping you safe and informed.
