

February is traditionally one of the coldest months of the year. By keeping an eye on your electric use and changing some habits, you can reduce how big your bill is. With daily access to your energy use through our on-line portal and SmartHub, you can control and reduce your energy use. Visit [www.eeca.coop](http://www.eeca.coop) and click "On-Line Access" today.

## TAKE CONTROL AND SAVE

SmartHub is our online web portal that puts you in control of your account management. Any time of day, any day of the week.

Pay bills within a secure environment, access your energy consumption, modify your account information.

Available on your computer, or Android or Apple smart phone or tablet with free apps.
