

Rheem Marathon[®] has gone
TITANIUM TOUGH!

Get the durability you desire and the long life you expect with titanium elements.

Titanium technology is used to make advanced fighter air planes fly faster and farther, golf clubs hit further, and now makes the Marathon heating elements last longer.

With Marathon's exclusive titanium elements, expect fewer service calls, better performance and improved confidence--at no extra charge!

We have 50 and 85 gallon models in stock at Steeleville and Murphysboro offices.

50 gallon	\$780
85 gallon	\$915
	plus sales tax

The BEST is even better!
