

New rates for Eastern Illini approved

Unbundled bills will offer a better reflection of the costs associated with providing you reliable electric service.

At the November meeting of Eastern Illini's Board of Directors, a rate restructuring and unbundling was approved. The changes will take effect with the electricity you use in April of this year and get billed for in May.

The new rates, which are based on a cost of service study and our new wholesale energy cost structure, do include a very modest increase for some member/owners (less than four percent for the average residential account), while others will see a slight reduction in their electric bills.

To help you understand what the new rates are, and why unbundling your bill makes the most sense, we are offering **10 member meetings (see schedule below)** throughout our service territory in the coming months.

**MESSAGE FROM
THE PRESIDENT**

Please plan on attending an upcoming meeting, and stay tuned as we continue to explain the new rates to you.

Sincerely,

Dave Champion

Member Meeting Schedule

Attend an upcoming member meeting to learn about your new electric rates.

Each meeting will begin at 6:30 p.m., and snacks will be provided. Visit ieec.coop or call us at 800-824-5102 for directions or more information.
