

Take control, and save

February is traditionally one of the coldest months of the year. By keeping a close eye on your electric use and changing some habits, it doesn't necessarily have to be the costliest. Eastern Illini Electric Cooperative lets you check your kilowatt hour (kWh) use online or on your phone so you can take proactive measures to reduce it.

Simply visit www.eiec.coop and click on the SmartHub link to get started. Then visit www.togetherwesave.com for valuable energy-saving tips and resources.
