

Take control, and save

February is traditionally one of the coldest months of the year. By keeping a close eye on your electric use and changing some habits, it doesn't necessarily have to be the costliest. See if your co-op enables you to check your kilowatt hour (kwh) use online so you can take proactive measures to reduce it. To identify the biggest energy hogs in your home, and for valuable energy-saving tips and resources, visit www.togetherwesave.com.
