

IRTC's Brandon Moore (left) and Adam Little are ready to bring you high speed, wireless Internet to your town.

They get help from Jenissa, Sean, Steve, John, Heather, Seth, Bruce, Clint and David at Illinois Rural Electric and IRTC. And from service technicians Chris, Joe and Erik. Plus Rick, Patrick, George, John and Mark from Wireless Data Systems. Of course, Boatner from Foundation Technologies. And everybody at Hanson Information Systems, Inc., too.
