

Co-op Connections Card program updates

Visit www.connections.coop for more information and to sign up for these programs.

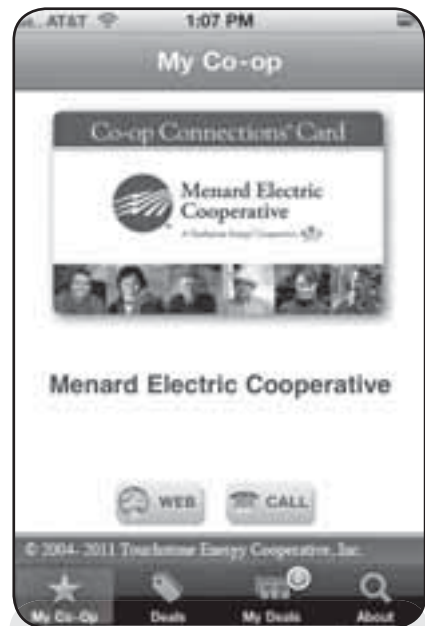

Prescriptions

If you haven't done so already, check with your pharmacy to see if they participate in the prescription discount program and if you could save on your prescriptions. Reminder: This is not insurance and cannot be combined with insurance benefits.

My VIP savings

Click on My VIP Savings for a new program allowing members to earn cash back on online purchases from more than 1,000 merchants including Wal-Mart, Best Buy and Apple. You'll have to establish an account and enter websites through the VIP Savings link to earn rebates (varying with each retailer). You can request a check once you've earned \$25 in cash back rewards.

Phone app

A free app allows you to download a virtual card (with prescription information) and save your favorite discount deals. More info is available on the website.

Healthy Savings Discount Program

Discounts on chiropractic, dental and vision care as well as lab work and hearing aids are now offered. Discounts are provided at the time of service and range from 10-40% on dental and 10-60% on vision care.

A new card is required to take advantage of this service; you can print one off at the www.connections.coop website using the information on your current card or call our office and we'll send you a sticker for your card. Find details about each savings program and a listing of local providers online as well.

The Co-op Connections Card is available free to all Menard Electric members. If you have a great saving experience let us know about it--e-mail info@menard.com or call the office and ask for Michelle.
