

Don't like surprises?

Try budget billing

Some of our members don't like surprises. They like to know exactly how much they will owe on their electric bill each month to help them budget. For those members we've designed a budget billing program.

Sound appealing? Here's how it could work for you: We calculate a monthly budget amount by estimating the average kilowatthours you use in a year. For 11 months you'll be billed this same amount. In the 12th month you'll receive a bill containing either a credit (if you used less kilowatt-hours than predicted) or an amount due (if you used more kilowatt-hours).

We even display the amount you will owe or the credit you've earned each month on your bill so you won't be surprised during that 12th month.

The next budget billing cycle begins with our July bills. June 2015 bills will contain the credit or amount due.

Now's a great time to call the office for more information or to sign up. And check out our automatic payment option below if you want to make paying your bill even easier!

Automatic Bill Payment Authorization
