

Want to save energy and money? *We have apps for that!*

Today, thanks to computers, smartphones, and tablets energy saving tips and information is more available at our fingertips than ever.

As a member of Touchstone Energy® Cooperatives, the branding program of the nation's electric cooperatives, we are proud to offer two mobile apps: Together We Save. com—Save Energy, Save Money, and one for our popular Co-op Connections® Card. The TogetherWeSave.com—Save Energy, Save Money app, the newest addition to our Together We Save energy efficiency campaign portfolio, lets you see how much money you could pocket each month by switching from traditional incandescent lightbulbs to compact fluorescent lamps or light-emitting diodes. In addition, you can use the app to evaluate energy guzzlers in your home—for example, what does it cost to run a dishwasher for an hour? Kilowatt-hour rates specific to Monroe County Electric Co-Operative needed for the calculations are available in the app by entering your ZIP code and selecting our name.

In addition, the app delivers handy pop-up “Tip of the Day” reminders on ways to make your home more energy efficient. The free app is available for Apple iPhones and iPads at the iTunes store and for Android smartphones at Play.Google.com; search for: Together We Save.

Your Co-op Connections Card connects you to savings on prescriptions, restaurants, hotels, groceries, and lots of other services from national and local retailers. The free Co-op Connections Card app uses GPS technology to help you quickly locate stores and businesses offering discounts and—better yet—share your favorite deals! Android and Apple iPhone versions of the app are available at www.connections.coop.

Check out these two money-saving apps at togetherwesave.com or search Together We Save in the app store.
