

Shhhhhh ...

Santa has a secret. He wants to bring all the good boys and girls more presents than ever, so all year long, he's been using his Touchstone Energy® Co-op Connections® card from Monroe County Electric Co-Operative to get discounts from both local and national businesses, and even save through a special Cash Back Mall option. Hmm ... maybe Santa's been at the North Pole too long, and doesn't know you can get the same discounts using the Co-op Connections card you received from your electric co-op. Just log on at www.co-opconnections.coop, follow the directions, and see how you can save. It's that easy. But don't tell Santa-you don't want to hurt his feelings, especially now!
