

KNOW YOUR FAMILY HEALTH HISTORY

Family history is an essential part of your health care. Individuals who have a close family member with a chronic disease may have an increased risk of developing that disease.

Get in the know by finding out these 3 things:

1

Who has or had a chronic disease/condition or major health event:

Ask **close family members**, including grandparents, parents, aunts/uncles, siblings and children.

2

The type of health problem they have or did have:

Chronic disease

If both of your parents had **heart disease before age 55**, your risk of developing the disease can increase 50%

Chronic condition

If a close family member has been diagnosed with **high blood pressure before age 60**, you may be twice as likely to have it

Major health events

For example, **inheriting a mutated BRCA1 gene** can increase the lifetime risk of developing breast cancer to up to 80%

3

More details about the affected family members:

- ✓ **Age** when these conditions were diagnosed.
- ✓ **Age and cause of death** for family members who have passed.
- ✓ **Ethnicity** of family member.

Clay Electric retires Capital Credits

As announced at the 2016 Annual Meeting of Members of Clay Electric Co-operative in August, the Board of Directors voted to return Capital Credits to those that were Members during the years 1958 through 1961. Those Capital Credits total approximately \$175,000.

Capital Credits represent a Member's ownership in Clay Electric and is one of the benefits of being a Cooperative Member. Allocating and retiring Capital Credits to Members helps distinguish Cooperatives from for-profit utilities. Clay Electric is proud to support our Members and Communities by putting money back into the pockets of those we serve.

Clay Electric began mailing Capital Credit checks to Members in November. The checks were mailed to the last known address of those Members who received electric service during the years 1958 – 1961. The Cooperative is attempting to locate former Members, (or their heirs). The following is a partial list of former Members whose address is not known, or their check was returned to us because of an invalid address.

If your name is on the list, you have knowledge of a current address, or know someone who may have this information, please complete the attached form and mail it to Clay Electric Co-operative, Inc., P.O. Box 517, Flora, IL 62839. Thank you very much for assisting us in locating these former Cooperative Members.
