

Please make room for roadside crews *By Abby Berry*

When the power goes out, so do Coles-Moultrie Electric's line crews. Lineworkers are the first to respond after an outage occurs, and they work tirelessly to restore power to the communities we serve.

If you're traveling and see one of our crews on the side of the road, we kindly ask that you move over if possible and give them a little extra space to work. We deeply care about the safety of all, and this extra precaution ensures just that.

If you approach a crew while traveling on a two-lane road, moving over to the next lane might not be an option. In this case, we simply ask that you slow down when approaching roadside crews. If you approach a crew while traveling on a four-lane road, and safety and traffic conditions allow, we ask that you move

over into the far lane.

Utility crews aren't the only ones who could use the extra space. Emergency responders, such as police officers, firefighters and emergency medical technicians, often find themselves responding to emergency situations near busy roadways. We ask that you follow the same procedures mentioned above to help keep these crews safe.

There's plenty of room for all. Let's work together to keep

everyone safe on our local roadways.

PLEASE MOVE OVER FOR EMERGENCY AND UTILITY CREWS

If you see police, firefighters, utility crews or other emergency personnel on the side of the road, please slow down and move over when possible.

Together, we can keep our crews safe.
