Geneseo, Illinois

Right: Like Don De Bo, members must register to be sure of a quorum present. Below: Entertainment was provided by J. D. Darnall High School Jazz Ensemble.

President Eldon Larson (left) called the meeting to order with the "membership statement." Geneseo City administrator Richard Schneur (right) welcomed everyone.

Secretary-treasurer Darwin Mann (left) gave his report, noting that kilowatt-hour sales increased 3½ percent. Manager Edgar Arnn (right) reviewed the cooperative history: "Service continuity has improved to 99.9 percent" and introduced employees.

**'WE
SERVE'**
is the theme of

After
tric s

Employees, left to right: Cathy Wright, bookkeeper; Linda DeBoev, James Wayne, lineman; Dennis Wells, lineman; Dick Kincaid, foreman manager.

Bob Patton (left) Association of Illinois Electric Cooperatives public affairs representative, "The first board meetings were held in a hardware store." This was the first cooperative organized in the state. In reviewing legislative activities, he said many bills affect cooperatives and your cost of electric service. Soyland's Tom Seng (right) said negotiations continue for a mix of coal-fired generation to supplement base-load by the Clinton plant.

Roger Hulting (left) reported action of the Nominating Committee. Attorney Robert Nash (right) conducted the election of four directors.

ent, Dick Kincaid delivered one of the attendance prizes, an elec- tion Haars. Everyone won a prize.

Mr. Arnn stands behind three of the elected directors. Left to right: Robert T. Hannon, James V. Holevoet and Richard Amans. Charles Ashley was absent (ill with the flu).

MEC's 48th annual meeting

onist and billing clerk; y; and Bob Delp, office

The board assembled for an official group photo. Standing from left: Darwin J. Mann, Eldon Larson, Jim F. Dwyer and Willard Sammons. Seated from left: James V. Holevoet, Richard Amans, Robert T. Hannon and manager Edgar G. Arnn.

"Magic" Indian Oil CATCHES FISH LIKE CRAZY!

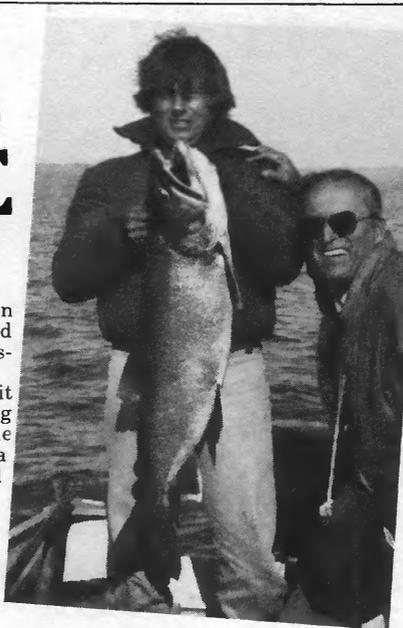

I made this remarkable discovery when my son went on his first fishing trip with me. We hired this old Indian guide in a small town in Wisconsin.

When our guide showed Mark how to bait his hook, I noticed that he rubbed something on the bait just before Mark put the line in the lake. Within minutes Mark had himself a beautiful bass. You can imagine how pleased I was and Mark, of course, wanted more.

So the whole thing was repeated—the guide put on the bait, rubbed it again, and up popped another beauty. Meanwhile, I sat there patiently waiting for my first fish.

This went on all morning. Mark caught 30 bass and I got eight.

When I pulled the boat in at noon and paid off our Indian guide, I noticed that a small, unusual seed had apparently fallen from the guide's pocket into the bottom of our boat. The odor from the seed was quite strong and certainly different from anything I had ever smelled before. This was what he had rubbed on Mark's bait!

*It works for me—
wouldn't be without it.*
D. Hulbutt, Duluth

*I used your spray
and caught all these fish*
J. Hannon, Chicago

When we returned home the next day, I gave the seed to a chemist friend of mine. He analyzed it and duplicated it into a spray for me.

I could hardly wait for my next fishing trip. What I discovered on that trip was absolutely unbelievable. I have never before caught fish like that. Every time I baited my hook. I sprayed it and up popped another fish.

I tested some more. I put spray on one bait and nothing on another. The sprayed bait got the fish almost immediately. The unsprayed bait got some nibbles, but nothing more.

I gave some of my friends samples of the spray to try and the results were the same—they caught fish like never before.

I named my spray "CATCH FISH LIKE CRAZY" cause that's just what it does and it works with all kinds of fresh or salt water fish. It works equally well on artificial or live bait.

Here's what fishermen say about my spray:

"What you say is true. I caught fish like crazy—it really works!" K.S. Evansville, Ind.

"I read your ad and found it hard to believe—but sent for it anyhow cause I'm not very lucky—after one day, I'm a believer—I caught Snook and Sea Bass—it was easy!" D.D. Naples, Fla

"I always keep a can in my tackle box. It's fantastic!" K.V. Highland Park, Ill.

Larry Hall

Hall family has mini-zoo

For Larry Hall, a son's FFA project at school was the beginning of a hobby-business that reflects a long-time dream. "When my son, Larry, was getting interested in FFA," the elder Larry says, "he was kind of looking around for a project that was a little different from others. I'd always wanted a deer, ever since I was a kid, so I suggested that."

The Halls, who live in Cumberland County near Montrose, are members of Norris Electric Cooperative. They decided on a fallow deer, which is of Asian origin. Since fallow deer are not native to the U.S., the Halls could sidestep the problems involved in dealing with game animals.

They got their buck at Rockome Gardens in Arcola, while they later bought two does from a breeder in Evansville. They've had two sets of fawns since then, and all were bucks. "I'd like to have the buck and four does and sell the rest," Larry says.

Larry has since branched into other activities, too, with several cages of coons and foxes, in addition to the more mundane chickens and ducks you'd expect to find around a farm. Some two dozen foxes — some red and others silver — are part of the Hall menagerie.

"I'm crazy about animals," Larry says, "and I get a lot of pleasure out of the ones I have. I like to talk to people, too, and anybody's welcome to come and see the animals."
