A Touchstone Energy® Cooperative

## EnerStar searching for former members 1977 - 1981

As a not-for-profit rural electric cooperative EnerStar is owned by the members who receive electricity from our cooperative. At the end of the year after all the revenues have been collected and all the expenses are paid the remaining margins (profits) are allocated to members who received electric service during the year. These are called capital credits. They represent member equity in our cooperative.

The EnerStar Board of Directors

reviews the financial health of the cooperative each year to determine if it is financially feasible to authorize a capital credit retirement. During one such review in 2016, the cooperative issued capital credit checks to current and former members who had electric service for the years 1977 to 1981.

The cooperative is attempting to locate these former members (or possibly their heirs) who received service during that time. The

cooperative does not have a valid address on the accounts listed below. If your name or the name of a family member is listed in this publication please contact EnerStar's Member Services Department at 1-800-635-4145 during our normal office hour of Monday through Friday 7:30 a.m. to 4:30 p.m. If it is a family member and they are now deceased we would need the estate executor to contact the office for additional instructions on a special estate retirement.

 SOLAR ENERGY  
 IS HERE**

**Introducing Co-op Solar**

An easy and affordable way to start using solar energy. There's no installation and no equipment to maintain. Just clean solar energy from the people you trust.

**SunLite - Starting at just 50 cents a share!**

Call an EnerStar Member Services Representative at 800-635-4145, and they will guide you to determine what meets your needs and budget.

Interested in a long-term investment in solar energy? We can help you with that too! Just give us a call.
