

# *You have the power*

You know that when you flip a switch, the light comes on. It isn't magic. Real people at your electric cooperative work to make sure that happens 24 hours per day, 365 days per year. We ensure that you, our member-owner, have the power you need to live a comfortable life. We don't exist to make a profit. We bring you safe, clean and reliable power at the lowest possible price, and return money to you when it's financially feasible –

*and that is magical.*
