

COOPERATIVES
SEE
THE FUTURE

OCTOBER IS NATIONAL CO-OP MONTH

As we celebrate National Co-op Month and Public Natural Gas Week this October, it is a great time to look back and to look forward. Co-ops work with communities to do things that might otherwise be impossible - like when electric co-ops brought power to areas others didn't find feasible. We look out for the long-term needs of our members.

Today that means convenient member services, youth programs, renewable energy options - like South View Solar Farm - and broadband internet service with our Sand Prairie fiber project.

We work hard to bring members safe, reliable, affordable electric, natural gas and broadband internet services.

THEN. NOW. ALWAYS.
WE'RE PROUD TO POWER YOUR LIFE.
