

# Your co-op has a

At Eastern Illini, we're your co-op and we're dedicated to providing safe and reliable electricity. We're here to serve you and support the local communities where you live and work. Our employees are involved in your communities. They are your neighbors, your friends, your fire chief, your alderman, your county fair board member, and are standing right there next to you volunteering.

**We're member driven and community focused.**

*And we like it that way.*
