

Remove the element of surprise on your monthly bill

Are you looking for a way to budget your monthly electric bill so that you are not surprised with fluctuations throughout the year? Levelized Billing gives you a way to guard against large fluctuations in your monthly electric bill, without ever having to play “catch-up” at the end of the year. With Levelized Billing, your monthly electric bill becomes a “rolling average” of your electric usage for the most recent 12 months. By averaging your changes in usage over a 12-month period, your bill will remain fairly consistent every month, even in very cold or hot months when usage may be significantly higher.

Our Levelized Billing program is completely free for members with accounts in good standing and with at least 12 months of service history. Call us today at 800-879-0339 to sign up and for more information.
