## Ten reasons we appreciate lineworkers

Although we appreciate each employee at our cooperative, it takes a special kind of person to be a lineworker. Here are 10 reasons we appreciate our lineworkers.

10. They are specially trained to work on power lines and related equipment.
9. They are dedicated to safely and efficiently restoring power when extreme weather or other conditions cause the power to go out.
8. They are willing to work overtime or get up in the middle of the night to help restore power.
7. They enjoy serving our communities.
6. They aren't afraid of heights.
5. They are willing to help other utilities with major outages at a moment's notice.
4. They often lend their talents to help other countries with less established or damaged electrical distribution systems.
3. They enjoy working with each other and have each other's backs.
2. They are trained to work on both dead and live power lines and must always be dedicated to safety.
1. We couldn't provide excellent service without them or any of our other dedicated employees.
