

BENEFITS OF TREE TRIMMING

Clearing trees and overgrown vegetation is vital to provide safe, reliable power to our consumer-members.

We clear certain areas in our service territory, known as rights of way, to:

- **Keep power lines clear of tree limbs**
- **Restore power outages more quickly**
- **Keep crews and members of our community safe**
- **Reduce unexpected costs for repairs**

Go to page 20C for more details regarding our plan for the year.

Vegetation management improves service reliability for you – our members!
