

National Co-op Month

October is National Co-op Month and we honor you, our consumer-member. When you call our office, you talk to people like you. We live in your neighborhood, you see us at the grocery store, our kids play sports with your kids and we lose power during storms just like you do.

We're not in a corporate office in some far away state. We are right here where we always have been and always will be. We are your local electric cooperative, and our only purpose is to serve you.

Brought to you by Western Illinois Electrical Coop.
