

THE PEOPLE HAVE THE POWER

John and Barbara heard powerful voices at the electric co-op meeting ... their own. Only with an electric co-op is every customer an owner of the business. Unlike other electric utilities, your co-op exists to make sure your needs are always met, not to make a profit. And since every electric co-op is locally owned and operated, your co-op is always there with you, reinvesting in your community. That's why in an electric co-op, the people have the power.
