The 82nd Annual Meeting of Members of Norris Electric Cooperative was held on Saturday, February 8, 2020 at the Newton Community High School in Newton, Illinois.

At 10 a.m. Board President Gordon McClure called the meeting to order and welcomed members. He then introduced the Newton Community High School Star Spangled Banner Club to sing the National Anthem.

Following the National Anthem, Board Director Dave Sheppard gave the invocation. President McClure welcomed the Members and informed the audience there was a quorum of 150 or more members present and that business could be conducted.

Two children from the audience, Riley Ruholl and Rhett Holscher, were chosen to draw two names from the registration slips for the \$100 early bird prizes. Names drawn were Clem Staley of Crawford County and Dale Davidson of Jasper County.

Board Secretary Dean Dietrich read the Proof of Mailing of the Annual Meeting Notices. Notices for the Annual Meeting were mailed out on January 23, 2020.

President McClure asked if there were any additions or corrections to the 2019 Annual Meeting Minutes which were printed in the programs handed out during registration. There were no corrections or additions. A motion was made by Nancy Stewart of Crawford County and seconded by Keith McKinney of Effingham County to accept the 2019 minutes. Motion carried.

Board Treasurer Dean Dietrich gave the Treasurer's report. Mr. Dietrich reviewed the financials posted in the program and stated the records of Norris Electric Cooperative were maintained in accordance with Generally Accepted Accounting Practices and Government Auditing Standards.

President McClure thanked Members for attending the meeting and their interest in the coops business of reports, finances and activities. President McClure brought the Members up to date regarding the cooperative's 10-year strategic plan to aggressively replace and build new lines, upgrade substations and provide additional space to house line trucks and equipment.

Manager Tamara Phillips introduced Journeyman Lineman Ralph Bowersock Jr,

who represented Norris Electric on an international trip to Guatemala on a three-week project to electrify 42 homes in the remote village of Chixoy. Ralph gave a presentation to the Members of the highlights of his trip. He thanked the Coop and the members for the chance to be a part of the Guatemala Electrification Project.

Manager Phillips followed up McClure's statement by how the coop is advancing the strategic plan by aggressively retiring and replacing old poles and lines. Additionally, the cooperative is adding a substation at Greenbriar in 2020 to help reduce and eliminate extended outages. Phillips stated safety is always the number one concern at Norris. Safety programs have been put in place to ensure safety for our Members, our Community and our Employees and their Families. Along with listing other accomplishments in 2019, Manager Phillips ended her speech thanking the employees and Board of Directors for their continued efforts and dedication.
