

ROADTRIP?

Summer is here, and many people are anxious to get out of the house and hit the road for a much needed vacation. If you are considering taking a road trip in style by purchasing a new electric vehicle (EV), here are some things to consider:

- You can wave as you pass the gas station
- Spend less time in a repair shop
- Reduce emissions harmful to the environment
- Save money
- Enjoy a quiet ride

For more information about EVs, visit energy.gov/eere/electricvehicles/electric-vehicle-basics
