

Take Advantage of our Low Therm Rates!

If Nicor is your natural gas utility, Corn Belt Energy can supply your natural gas through the Customer Select® program.

As a not-for-profit cooperative, our mission is to provide our member-owners with competitive rates and local service.

Enroll online and get up to \$20!

If you're selecting us as your natural gas supplier for the first time, sign up online and you'll receive a \$10 check after your first billing.

If you're a Corn Belt electric member, you'll also receive a one-time credit of \$10 on your electric bill once we begin supplying your natural gas.

Enrollment is quick and easy, and your gas service will not be interrupted. Please have your Nicor account number handy.

Your Touchstone Energy® Cooperative 

Plan Descriptions

We offer two variable-rate plans, each with an all-inclusive price-per-therm:

44¢
Market Advantage Plan

52¢
Winter Protection Plan

* variable rates as of 12/15/09

Market Advantage Plan

Based on your historic usage, approximately 30% of your gas is purchased in the summer with the remainder purchased monthly at market prices. You will benefit from this plan if it's a mild winter and market prices remain stable or decline.

Winter Protection Plan

Based on your usage history, the cooperative will purchase up to 80% of your gas requirements before November 30, with the goal of protecting you from the volatility of the winter market. You'll benefit from this plan if it's an extremely cold winter causing higher market prices.

Billing Options

You can choose actual billing or opt for our Budget Billing program which will calculate a monthly, fixed average based on your Nicor account history and the projected average therm rate. Many members choose Budget Billing for predictable, consistent gas bills every month. Contact us at 866-806-3411 for further details.

The Corn Belt Energy supplier cost will be conveniently included on your Nicor Gas statement, so you only receive and pay one bill.
