# Chairman's and President's Report

Nobody knows you better than the friends and neighbors you grew up with. And since 1939, Clinton County Electric has been growing up with you. We now serve 6,131 accounts in Clinton County and parts

of Fayette, Madison, Marion, St. Clair and Washington counties.

Clinton County Electric operates on a not-for-profit basis for the mutual benefit of its member-owners, and we are democratically governed by the membership. In short, Clinton County Electric is a business owned and controlled by you, the member.

You have the opportunity to become engaged in the democratic process controlling your cooperative by attending your Annual Meeting on August 19. Matters of interest concerning your cooperative will be discussed and you can participate in the election process for the Board of Trustees.

From the beginning, Clinton County Electric has had one central mission—to enhance the quality of life of our members. Your cooperative is committed to safe, reliable, and reasonably priced electricity.

Clinton County Electric is a company that cares about the people it serves. That service goes a long way beyond keeping the lights on. It is neighbors helping neighbors. That is what it is all about—that is the electric cooperative tradition that started three quarters of a century ago.

Clinton County Electric has continued to develop our two main initiatives; “Enhance our Member Communications” and “Infrastructure Improvements.” We worked vigorously on these in 2020 and will continue to work on further development of these initiatives in 2021. Please take the time to read your monthly newsletter in the Illinois County Living magazine that we provide to you. Remember, all initiatives we embark upon always have our members’ best interest in mind.

At Clinton County Electric’s December 22, 2020 Regular Board Meeting, the Board of Trustees approved retirement of 2020 margins in the amount of \$700,000. Current members saw this refund in the form of a one-time bill credit on the bill received in January 2021. At the same meeting, the board also approved managements recommendation of implementing additional reductions in the Power Cost Adjustment (PCA) that could be seen on the bill they received in February. This PCA will remain in effect through 2021. The board and CCEC management are committed to providing safe and reliable services to benefit our member-owners while maintaining reasonable rates and financial stability. Undoubtedly these topics and many more will be discussed at the upcoming Annual Meeting.

We look forward to seeing you at your Annual Meeting on August 19.
