1-877-783-3221

**Office Hours:**  
Monday – Thursday  
7 a.m. – 5 p.m.

### Chairman

Gordon McClure .....Jasper

### Vice Chairman

Justin Parcel..... Clark

### Secretary/Treasurer

Dean Dietrich..... Richland

### Directors

Gary Buser.....Crawford  
Kurt Holscher .....Crawford  
Gilbert Garbe ..... Effingham  
Ted Helmink ..... Cumberland  
Scott Weiss.....Lawrence  
Dan Strine ..... Wabash  
Dave Sheppard.....Jasper  
Ron Viehman.....Lawrence

### General Manager

Tamara Phillips

## Unclaimed Capital Credit Checks

In August 2021, Norris Electric returned \$1,484,059.15 in capital credit allocations to members who purchased electricity in 1984. Norris mailed checks to the last known addresses on file for non-active members. Active members received their capital credits in the form of a credit on their bill. As of September 1, 2021, the list below contains the names of members whose checks were returned to us by the post office because of incorrect addresses. If you have completed paperwork for a deceased member, those checks are issued at a later date.

**We need your help ...** if your name is listed below, or if you have an updated address for someone on the list, please contact Norris Electric. If one of your relatives is on the list and he or she is deceased, we are able to rewrite the check in the name(s) of the member's heir(s). Please contact our office to obtain the forms needed to claim these funds by calling 1-877-783-8765 or emailing: [capitalcredits@norriselectric.com](mailto:capitalcredits@norriselectric.com). This list of names along with last known addresses is also available on our website at [norriselectric.com](http://norriselectric.com).

## Energy Efficiency Tip of the Month

Old, uninsulated and improperly installed exterior doors can waste energy and money.

Shut the door on wasted energy by weather stripping and sealing all exterior doors. If you have an old exterior door, consider replacing it with a newer, energy efficient model.

Source: [energy.gov](http://energy.gov)

## Residential electric heat rate available

Norris Electric offers an electric heat rate? The rate is available to residential members of the cooperative for uses where electricity is the sole source of all space heating energy. The heat source must be for the whole house and permanently installed. Types of electric heat which qualify include **geothermal heat pumps, air source heat pumps and electric furnaces.**

The only obligation is the member must continue the electric heat rate for 12-month increments.

The electric heat rate offers a lower rate in the winter months that more

than offsets the slightly higher summer rate when compared to our standard rate.

Call our office today at 877-783-8765 for a rate comparison and see if you can start saving money on your electric bill!

## PLANNED OUTAGES

### AUTOMATED NOTIFICATION SYSTEM

Norris Electric has implemented an automated planned outage notification system. Members will be notified via phone if a planned outage is going to affect their service. Please make sure your current phone number is up to date on your account so we can ensure communication. Members can call the office at 877-783-8765 with any changes.

NORRIS ELECTRIC'S OFFICE WILL BE CLOSED MONDAY, OCTOBER 11TH IN OBSERVANCE OF COLUMBUS DAY.
