

Our Crews

Are Working

to Serve You

Help us keep them safe

To provide excellent service and keep our crews as safe as possible, please help us with the following:

- At a job site, do not stop to ask crews what they are working on or when power might be restored. Crew members need to give the repairs their full attention to ensure safety. Asking them questions can divert their attention and increase the amount of time it takes for the issue to be resolved.
- When driving by a utility truck (or any roadside vehicle with flashing lights), please move over and give them space. In a work zone, follow all signage, including speed limits. Drivers who travel through a work zone too fast can endanger workers on the ground and up in the bucket.

- If one of our employees is in your yard or on an easement to address service issues, be sure to secure your dogs. Please keep meters and padmount transformers (green boxes) free from obstructions.

Please be patient as we work on an outage or other issues. Safety is our top priority, for you and for our employees.
