

The Choice Is Yours

Budget Billing

A set amount is paid each month of the budget billing cycle. On the designated true-up month a credit or additional amount due is applied based on the actual electrical usage for the cycle. This option is great for members who want a consistent payment amount 11 months of the year and pairs well with our automatic payment option.

Now is the perfect time to apply for this summer's budget billing cycle!

Average Billing

The monthly amount due is based on a 12-month rolling average use of electricity. The amount due could fluctuate monthly but dramatic changes will be spread across multiple months. This option is great for those who do not mind monthly changes.
