- If you hear thunder, that means **lightning** can strike nearby. Go indoors.
- Wait at least 30 minutes after the last rumble of **thunder** before going back outside.
- During a thunderstorm, stay away from tall, isolated **structures** or trees, which are more susceptible to lightning strikes.
- Avoid standing near **windows** during a thunderstorm.
- Strong summer storms occasionally cause power outages. During an outage, it's best to have an **emergency kit** on hand.
