and rebate form.

Advantages of Battery Powered Equipment

- Convenient to use
- Fewer maintenance costs
- Less noise during operation
- Opportunity to use one battery for several pieces of equipment
- Easier to start and operate than gas powered alternatives
- No more mixing gas and oil or purchasing expensive pre mixed fuel
- Generally lighter weight and more maneuverable

*Some restrictions may apply. Offer only valid for Corn Belt Energy members. Limited to one rebate per paid item category per rebate term (May 1 - June 30, 2023). All program requirements must be met in order to qualify for rebates. Application required and lawn and garden rebates are credited as a bill credit. Rebate application form must be received by no later than June 30, 2023, to qualify. Mailed rebates must be postmarked by June 30, 2023 to qualify.
