

You have the power

When you flip a switch, the light comes on.
It doesn't work like magic, though.

Real people at your electric cooperative
work to make sure that happens
24 hours per day, 365 days a year.
We are committed to getting you
the power you need to live your life.

We don't do this to make money.
We bring you safe and reliable power
at an affordable rate. We even promise
to return money to you whenever possible.

Now that's magic.
