

These members are paying their electric bill....

because they use SouthEastern's Auto Pay.

You don't have time to sit down and write checks, so let SouthEastern Illinois Electric Cooperative's personnel do the work for you.

Members can choose to pay their electric bill automatically from their checking account, savings account or they can use their favorite credit card. It's their choice and the best part is that it's free!

Online Bill Payment and Pay-By Phone are just two more great options for our members. For more information, check out our website at www.seiec.com or call the office at 1-800-833-2611.
