

73rd Annual Meeting Together We Save

Saturday, June 5, 2010 • PORTA High School

5 p.m. Pork Chop Dinner

6:30 p.m. Business Meeting begins

Receive a \$10 Bill Credit! • Door prizes!

Learn to make your home more comfortable and save money too!

Join us for an energy efficiency workshop, where you'll learn easy and cost-effective solutions to make your home more energy efficient, reducing your energy bills each month. The first 100 members to attend the workshop receive a free energy efficiency kit full of materials to help get them started.

You can also visit the Energy Efficiency Wall, where you can see first-hand the difference energy efficiency measures can take in reducing air flow and heat loss. Learn about energy audits, blower door tests, caulking, recessed lighting, insulation, thermostats, ductwork, dryer vents and more.

Member Marketplace

Looking for a way to reach new customers? Join us at our annual meeting June 5th. Any of our members with a qualifying business can set up a booth in our Member Marketplace at our meeting to sell their products. We normally have more than 300 members and their families attend. It's great exposure for local and at-home businesses.

Please contact Michelle McNeal at the cooperative for more information or to sign up at 800-872-1203 or mmcneal@menard.com.

Petitions Due

Petitions for candidates for the Board of Directors must be submitted to our office by 4:30 p.m. on April 21, 2010. Petitions are available at the office for districts 1, 4 and 6. One cooperative member will be elected from each district to serve a three-year term. Incumbent directors Roy Seaney of Tallula, District 1; Jerry Brooks of Oakford, District 4; and Steve Worner of Manito, District 6, will seek re-election.
