

# *Simplify your life.....*

pay your bills online.....  
any time of the day.....  
day or night....  
weekend or weekday.....  
at [www.recc.coop](http://www.recc.coop)

Use our secure payment system, the same system our employees use when you call our office to make a payment. You can pay your bill with Visa or MasterCard, or write an electronic check right from your checking or savings account. You can also see a record of your payments and useful information on your energy use at this website!

Setting up your online payment is easy as 1, 2, 3.

1. Go to [www.recc.coop](http://www.recc.coop) and click on the “**Pay Your Bill Online**” button on our home page.
2. If you’re a new user, go to the “**Click here to sign up for online access**” link. You will need your account number shown on your electric bill.
3. On the next page, click on the “**View/Pay My Bill**” box and follow the instructions there.

It will take a moment for your transaction to process – don’t hit the “back” button on your browser! Once the transaction is completed, you will see an acknowledgment and a transaction ID to verify payment.

**OR, you can pay your bill over the phone, any time of day, with Self-Serve 24!** Just call (217) 438-3575 with your account number, and enter the information as requested.

We make it easy for you... after all, “Convenience” is our middle name!
