

John

always knows what
the owners of his
Touchstone Energy®
co-op are thinking
because he's
one of them.

Only your local electric co-op

makes every customer an owner of the business.

Unlike other electric utilities, your co-op exists to make sure your needs are always met, not to make a profit. And since every electric co-op is locally owned and operated, your co-op is always there with you, reinvesting in your community. That's why in an electric co-op, the people have the power.
