Southern Illinois
Electric Cooperative

A Touchstone Energy® Cooperative 

Southern Illinois Electric Cooperative wants to encourage high school students to learn more about government and their role in it! As part of this endeavor, SIEC will again sponsor two (2) high school juniors from high schools within our service area on an all-expense-paid trip to Springfield, Ill., on Wednesday, March 20, 2024. Throughout the day, students and their counterparts from other Illinois high schools will meet their elected senators and representatives at the Capitol and learn firsthand about the workings of state government.

These same two students will be sponsored by SIEC on a weeklong, all-expense-paid trip to Washington, D.C., June 14-21, 2024. During this week spent in the nation's capital, the Illinois student contingent will hopefully meet with senators Dick Durbin and Tammy Duckworth. The U.S. representatives also spend time meeting with students for a luncheon while on Capitol Hill. In addition to meeting those who represent their region, students will also get to visit many historical sites, museums and memorials, while making lasting memories and friendships along the way.

If you'd like to apply, see your school's guidance counseling office, reach out to Southern Illinois Electric Cooperative Director of Member Services Brent Goforth at bgoforth@siec.org or call 618-827-3555 and request information on the Youth to Washington program!
