Unclaimed capital credit checks

In September 2023, Norris Electric returned \$1,916,924.36 in capital credits to members who purchased electricity in 1986 and 1987. The checks were sent to the last known addresses on file. However, as of August 2024, some checks have been returned by the post office due to incorrect addresses.

If your name is listed below, or if you have an updated address for someone on the list, please contact Norris Electric. If one of your relatives is on the list and is deceased, we can rewrite the check in the name of the member's heir. Please contact our office to obtain the necessary forms to claim these funds by calling 1-877-783-8765 or emailing capitalcredits@norriselectric.com.

The list of names, along with the names from previous refunds and last known city and state, is also available on our website at www.norriselectric.com.

ENERGY EFFICIENCY TIP OF THE MONTH

If you recently made or plan to make energy efficiency upgrades to your home, you may be eligible for federal tax credits. The Inflation Reduction Act (IRA) of 2022 empowers homeowners to save up to \$3,000 annually to lower the cost of efficiency upgrades by up to 30%. A few upgrades covered through the IRA include new exterior doors, windows, insulation, heating/cooling equipment and other major appliances. If you have completed or are considering an efficiency upgrade, visit www.energystar.gov/federal-tax-credits to learn if you qualify for tax credits.
