Capital credits

*Member News:***Unclaimed Capital Credits for Electric Service in 1990**

Unlike investor-owned utilities that provide electric service for profit, EnerStar Electric Cooperative is a member-owned, not-for-profit electric distribution cooperative.

When you sign up for electric service from EnerStar, you become a member of our cooperative. By paying your monthly electric bill, you are investing in the cooperative and, in turn, gaining ownership in it.

What are capital credits?

Under our cooperative business model, at the end of each year, after all revenues have been collected and expenses paid, we return our margins (essentially our profits) to our member-owners in the form of capital credits. While you maintain an active account, you will receive a capital credit allocation notice that reflects your equity or ownership stake in the cooperative.

Capital credits are not refunded, or "retired," immediately. Because the electric utility business requires substantial capital to operate, electric cooperatives reinvest these capital credits back into their operations. This reinvestment helps improve our electric system, meets other capital needs, and reduces the necessity to borrow money, which in turn helps keep monthly rates low for all members and enhances the reliability of our electric service.

During this period, EnerStar carefully tracks the amount owed to each individual member, ensuring that everyone receives the correct amount in their capital credit refund when it is time to retire them. The cooperative's board of directors authorizes these refunds based on the co-op's financial condition.

If you ever move out of our service territory, it is important to provide EnerStar with your forwarding address.

Unclaimed capital credits

The cooperative is currently attempting to locate members and former members (or their heirs) who received service in 1990. We do not have a valid address for the accounts listed below, or the issued checks were not cashed. If you or a family member is listed, please contact EnerStar at 1-800-635-4145 or memberservices@enerstar.com during our normal office hours, which are Monday through Friday from 7:30 a.m. to 4 p.m. Please note that if a member listed has passed away, the estate executor should contact our office for additional instructions regarding special estate retirements. For more information about capital credits, visit www.enerstar.com.

A Touchstone Energy® Cooperative 

11597 Illinois Highway 1
Paris, IL 61944
800-635-4145
Monday through Friday
7:30 a.m. to 4:00 p.m.

Unclaimed capital credits
can also be found at 
www.enerstar.com/capital-credits

HOW CAPITAL CREDITS WORK

EnerStar tracks your how electricity purchases throughout the year

At the end of each year, after all revenues have been collected and expenses paid, we determine our profits, which we call margins.

Margins are allocated to members based on their usage. These are called Capital Credits. They represent the member's equity or ownership in the co-op

The funds are used for a period of time to operate the co-op. When financial conditions allow, your board of directors will retire, or pay, the Capital Credits back to you

If your name is listed below, or you are an heir of someone listed, please contact EnerStar regarding a capital credit refund.
