

Invest in surge protection to safeguard your home

Bad weather can impact your daily plans as well as cause damaging power surges over your electric lines, phone lines and even television cables.

As a Corn Belt Energy member, you have an option to protect your appliances and electronics from dangerous power surges.

Corn Belt Energy can install a whole house surge protector on your home for a low fee on your monthly energy bill.

Sign up now through January 31, 2026 and we'll waive the one-time \$25 installation fee.*

Call us at 309-662-5330 for more information and to sign up today!
