

NEWS, NOTES & VIEWS 09/26

Prairie Power, Inc.'s Brian Fitzgerald presenting at the co-op's annual board retreat.

Illinois Electric Cooperative's board of directors recently attended our annual two-day board retreat. Over the two days, the board and staff heard presentations from representatives of our generation and transmission cooperative, Prairie Power, Inc. (PPI), as well as co-op staff.

PPI's Jeremy Johnson gave an update on transmission efforts and strategy. PPI's

Brian Fitzgerald presented on power supply and generation. Co-op staff presented on topics ranging from safety to cybersecurity to economic development.

Our annual board retreat is a time for the board and staff to discuss the state of our co-op and strategize for the near and long-term.

Live Chat — Now Available!

Look for the
chat widget in
the bottom
right corner!

Have a question about your account or bill? You can now chat directly with our member services representatives right from our bill pay website! Get real-time help with payments, account questions, and more.

Live chat is available during regular business hours: Monday–Friday, 7:30 a.m. to 4:30 p.m.

Just visit our bill pay site and look for the chat option in the bottom right corner to get started.

Update Your Address and Phone Number

Having your correct address in our system is essential to receiving your bill in a timely manner. If your county has adopted 911 addresses, we encourage you to contact us with your new address. Doing so will help your local post office and ensure you receive your bill on time. If you have done away with your landline telephone, we ask that you let us know your current phone number as well. The co-op having your correct contact information is important in the event we need to reach you.

To update your address or phone number with the co-op, give us a call at 1 (800) 468-4732 or submit your updated information online by clicking on "contact us" on our website at www.e-co-op.com.

Thank you to our summer interns!

Joining us this summer were interns: Jase Morton, Jack Wisdom, Lane Hubbard, Thomas Meehan V, Addy Blimling, Julia Wahl, and Kylie Kinser. Our internship program has a long history, and we've been fortunate to have had dozens of smart, talented young adults working with us on meaningful projects.

Interns at the co-op perform a wide range of tasks, from taking phone calls and assisting members to working alongside line crews in the field and handling a variety of jobs. Their contributions help keep the co-op running smoothly and give them valuable hands-on experience in the utility industry.

Employee Spotlight

Nathan Randall

Internet Technician

About the Employee

Nathan Randall started working for Illinois Electric Cooperative in 2021 as an internet technician. A White Hall native, he and his wife, Karlie, now live in Jacksonville with their two dogs, Marlee and Maverick, and cat, Micah.

When asked about his favorite part of his job, Nathan says he's proud to help members have reliable internet. "With the ever-changing world of technology, it is nice to be able to help members stay current and connected."

When not at work, Nathan spends time with family and friends, often golfing or doing projects around the house.

Illinois Electric Cooperative earns this award based on data modeled by the ACSI® in 2025. Award criteria are determined by the ACSI based on customers rating their satisfaction with Illinois Electric Cooperative in a survey independent of the syndicated ACSI Energy Utility Study. For more about the ACSI, visit www.theacsi.org/badges. ACSI and its logo are registered trademarks of the American Customer Satisfaction Index LLC.
